

November 21, 2023

Dear Nancy,

The Episcopal Diocese of LI and its affiliate churches are excited to announce that Aflac Open Enrollment is now available to you effective January 1, 2024. Aflac helps with expenses health insurance does not cover by paying cash directly to you if you become hurt or sick. Aflac policies provide benefits for various medical treatments, giving you money to use for everyday bills, deductibles, and simple things like groceries. This year it is especially important to review the Aflac benefits offered and make educated decisions for you and your families.

Below you will find the Aflac insurance policies available to you during open enrollment. Should you currently have Aflac and wish not to make any changes, no action is needed. Should you like to learn more or enroll, please scan the QR code to set up a time to speak with me, as enrollment can only be done with me. Look forward to helping you!

**Hospital Aflac Choice:**

This plan pays you and your family a \$1,500-\$2,000 admission benefit with \$50-\$150 a day thereafter for hospital stays. Help cover your deductibles and out of pocket exposure with this plan. Physician visit benefits, lab work, diagnostic exams, surgery benefits & more! Excellent for Maternity!

**Accident Advantage:**

This plan pays you cash benefits for minor or major accidents. You receive cash if due to an accident you need Physical Therapy, Surgery, Crutches, Follow-Up Treatments, Hospitalization and muchmore. *Accidental life insurance included.*

**Cancer Care/Critical Illness Coverage:**

Aflac's Cancer Protection policies can help support the physical, financial and emotional challenges faced by policyholders and their families – before, during and after a cancer diagnosis. This plan includes a \$100 annual cancer screening benefit. Coverage for *Heart Attack, Stroke, Sudden Cardiac Arrest, End-Stage Renal Disease* available.

**Supplemental Dental:**

Tax-free cash to take care of out-of-pocket dental expenses including co-pays, deductibles. There are NO Networks and could be used at any practice regardless of what insurance they accept.

Sincerely,

Jackie Beaulieu
